The name of your medical group and PCP are on your ID card. To request to change your medical group or your PCP, log into your account at Healthnet.com/canopycare, then go to Change my Primary Care Provider to submit your request. Or you can call Health Net Member Services at **833-959-2907**. You can make this change once a month.

With CanopyCare HMO you have access to the entire Canopy Health network. If you want a second opinion or need care from a specialist, your doctor can refer you to any doctor in the Canopy Health network.

Your primary care physician (PCP) and medical group¹

Every member has a doctor who is their primary care physician (PCP). Your PCP helps you stay healthy and can help care for you when you're sick.

Alliance Referral Program

This program simplifies referrals and gives members access to all Canopy Health providers, not just those in their doctor's medical group.¹

A new approach to referrals

You get an active role in your care. You and your doctor make choices that fit how you live. It's that simple!

Three steps to access a specialist

- 1 Talk with your PCP. If you need a specialist, you and your PCP can discuss the best option. Your PCP will put in a referral for you.
- 2 Members and providers will be notified when the referral is approved.
- 3 Schedule an appointment with the specialist.

¹"Medical Group" means the physician group that your primary care physician belongs to and is responsible for coordination of your care.

Transition of Care

We're here to help make your transition easy

Listed below are steps you can take to help ensure a smooth transition to your new plan.

1. Refill Prescriptions – including Medications and Medical Equipment.
2. Transfer Medical Records
3. Apply for Continuity of Care

For details, visit Healthnet.com/canopycare >Enrollment>Transition of Care

Continuity of Care

Medical

When you change health plans during open enrollment, you might get to continue your care with your current doctors or medical group. This is called Continuity of Care (COC). You have 60 days after you enroll to request COC. Here is a list of conditions eligible for COC:

- **Acute condition**
- **Serious chronic condition – up to one year of coverage**
- **Pregnancy (includes immediate postpartum care)**
- **Mental health for the person giving birth – up to one year of coverage from diagnosis or the end of the pregnancy**
- **A newborn up to 36 months of age – up to one year of coverage**
- **Terminal illness**
- **A surgery or other procedure authorized by your prior health plan as part of a documented course of treatment**

If you or a family member gets medical treatment from an out-of-network provider for one of the medical conditions above, please complete a COC form as soon as possible. You can find the COC form by visiting Healthnet.com/canopycare >Enrollment>Continuity of Care or by calling member services at **833-959-2907**. A representative will help you determine if you're eligible for COC.

Pharmacy

New members: Maintain coverage for your maintenance medications and medical equipment (for example, Glucose monitors and CPAP machines) that require prior authorization

In order to avoid any issues with your prescription in the first 90 days, please complete a prescription transition of care form, available at the Continuity of Care page of Healthnet.com/canopycare. For the full list of medications and medical equipment that require prior authorization, please visit healthnet.com, or contact us at the number on your member ID card.

Behavioral Health

If you or a family member are receiving mental health services or substance use disorder treatment (inpatient or outpatient), call 833-996-2567 to find out if you can get COC help.

For more information on your healthcare services, go to Healthnet.com/canopycare.

5 Learn Where to Get Care⁴

Your plan offers many ways to get the care you need, when you need it.

At a doctor's office

At home

In a clinic

Your primary doctor

Visit your primary doctor (also called your PCP) for routine and preventive care. This includes wellness exams every year, illness, vaccinations, and general medical care. Your PCP is responsible for directing your care to other providers within the network³

To find a doctor in the CanopyCare HMO network, visit Healthnet.com > [Find a Provider/ProviderSearch](#).

Behavioral Health Services

With your Health Net behavioral health benefits you can get access to mental health services like:

- Counseling
- Psychotherapy
- Treatment for addiction
- Psychiatric services

You don't need a referral from your PCP. For help, call the Mental Health Benefits and Appointments phone number on your member ID card.

Virtual urgent care doctor visits

See if your PCP offers telehealth services. You can also enjoy access to Teladoc virtual visits just for being a Health Net member! Through the Teladoc app, you can:

- Book a phone or video appointment 24/7⁴
- Get expert advice on non-emergent medical conditions.

When your regular doctor isn't available, a Teladoc provider can help with every day, non-emergency conditions like the flu, sinus infections, stomach bugs and more.

24/7 Nurse advice line

Get advice from a registered nurse:

- Whether to seek medical care
- How to care for injury and illness at home
- Self-care for injuries and illness like flu or fever²
- Call 800-893-5597 (TTY: 711)

Urgent care centers

Get same-day care for non-emergency illnesses or injuries.² Some urgent care centers now offer X-rays and lab tests, too.

To find an urgent care center in your CanopyCare HMO network, visit Healthnet.com > [Find a Provider/ProviderSearch](#).

It's a good idea to schedule a new member appointment with your doctor as soon as you can. This will give both of you the chance to get to know each other.

²Go straight to the nearest emergency room or call 911 if you have an emergency.

³Self-referrals are allowed for OB/GYN reproductive and sexual health care services within your PCP's medical group. If the OB/GYN you would like to see is not in your PCP's physician group but is in the Canopy Health network, a referral is necessary. No prior authorizations are needed. There is no coverage for out-of-network services except for emergency care, urgent care and pre-approved services.

⁴Scheduled appointments for behavioral health services are available 7 days a week from 7 a.m. to 9 p.m. (Pacific time).

6 Fill Your Prescriptions

Go to an in-network pharmacy for everyday prescriptions or insulin. If you give yourself injectable medication, talk to your doctor about refills.
